Gov. Rolph Advocates Curb of Deficiency Judgment

By GOV. JAMES ROLPH, JR.
(Written for the United Press)

SACRAMENTO.—(U.P.)—It is
bitter that California families must
be stripped of their substance to
pay the ever mounting cost of
government.

A halt must be called. A dra-
matic economy program is already in
effect in every state department.
Expenditures are being cut to the
bone. And we are not going to
stop until every unnecessary cost is
stopped.

There has come to the door of
my executive offices in Sacra-
mento, a never-ending stream of
broken debtors, foreclosed of their
homes and now pursued to the
brink of bankruptcy by deficiency
judgments.

It is cruel; it is wrong that
creditors may lean on the security
of property and when deflation de-
stroys the value of property pursue
the unfortunate debtor to either
grave or bankruptcy by defi-
ciency judgments.

It is wrong that creditors may
seize the property upon whose sale
security they loaned and then hold
the debtor and his family in finan-
cial bondage. We must legally
stop the call for "more margin" as
an additional security.

I put instance two wrongs in
passing. They are symptomatic of
the business that must be cured.
Deficiency judgments can be
prevented in this way:

A law can be enacted requiring
the lender of money to look to the
security taken for the loan and
only that security in full satisfac-
tion of the amount loaned.

Or, in other words, if a lender
of money loans his client \$1,000
and takes as a security therefor
real estate or bonds of the market
value of \$2,000, and if default be
made in the payment of the \$1,000,
the property pledged can be sold
and the proceeds applied to the
payment of the debt.

But the lender must stop there.
He should not be allowed to pur-
sue other property of the borrower
in satisfaction of the debt.

This can and should be done
by state legislative enactment.
**GIRL'S LUNG PIERCED
BY SPLINTER OF GLASS**
Miss Ruth Miller, 20, Inglewood,
was treated at the Hermosa-Re-
dondo hospital Sunday where phy-
sicians removed splinters of glass
from her lung. Miss Miller was
injured when a car in which she
was a passenger overturned on the
highway in Palos Verdes Estates
near La Venta Inn.

Counties Raise Large Funds for Advertising Use

Forty-five California Counties
Learn Value of Promo-
tion Program

SACRAMENTO.—(U.P.)— Cali-
fornia counties "touted their own
horns" last year to the extent of
more than a million dollars worth.
That is, 45 out of the 58 coun-
ties in the state levied taxes for
the purpose of advertising them-
selves and their resources, raising
for this purpose a grand total of
\$1,127,950.

Los Angeles county, according to
the table just compiled in the
state controller's office, raised
\$655,712 for this purpose during
the 12-month period.

California counties are rapidly
finding out that it pays to adver-
tise, and have taken advantage of
a state law permitting a board of
supervisors to levy a tax specifi-
cally for exploitation purposes of
no more than 4 cents for each
\$100 of property value. It was
pointed out.

Just what this form of adver-
tising may take is not mentioned
in the law. Some counties, notably
Tulare, levied it to raise funds to
assist the state water develop-
ment program. This, it was pointed out,
will assist agriculture in the
county, where thousands of acres
are virtually burning up for lack
of water.

Counties may also use this re-
venue for memberships in tourist
associations, booths and exhibits at
district and state fairs, donations
to chambers of commerce, and
printing of pamphlets and other
literature for free distribution to
prospective home-seekers.

General economic conditions re-
sulting in a smaller total sum for
advertising and promotion this
year than usual. The largest
amount for any year since the
act was passed was in 1930, when
two million dollars was raised.

Election Costs Higher This Year Says Controller

Los Angeles County Leads
State in Expense of
Naming Officials

SACRAMENTO.—(U.P.)— Hav-
ing a "voice" in county govern-
ments is an expensive proposition
in California, according to State
Controller Ray L. Riley.

The cost of elections has proved
to be steadily increasing and so
far there is no relief in sight in
the belief of state officials.
Last year California counties
paid out a total of \$2,431,796 for
elections as compared to \$2,877,645.78
the previous year and \$1,637,266 in
1929, the state summary shows.

As a part of the 1931 total, Los
Angeles county's election bill
amounted to \$958,658.
While last year's bill amounted
to almost \$2,500,000 there is every
indication the 1932 county election
costs will be considerable higher
inasmuch as the period includes
the election of many legislators
and national officials as well as
special elections, state officials
pointed out.

"Vacation Memories" By IVY HERRING

Icy cold from the winter snows
The rippling stream down the canyon flows,
Checked in its course by rocks that made,
Many a beautiful white cascade.

Pictures mirrored in silver lakes,
Deer half hid in the leafy brakes,
The grandeur of giant trees that rise
Arms up-reaching toward the skies.

Down off a mountain incline steep,
Into a flowery meadow sweet,
Lulled by the scent of the fragrant breeze
As it gently drifts thro' the cedar trees.

Painted cliffs all awe inspiring,
Nature's monuments, never tiring,
Crystal water falls, a-flashing,
Down the mountain side go dashing.

These scenes are graven on my heart,
My memories of Sierra's art.
